WORKSHOPS | DATES | TIMES

Budgeting: Skills for Survival

Wednesday, September 21, 2016

Developing money management skills is crucial for attaining financial success. No matter how large or small your income may be, the more aware you are about how you spend your money, the more likely you will have more control over your future. Learn about managing your personal finances, and establishing and building credit, savings, and investments.

The Impact of Student Loans on Your Credit

Wednesday, October 19, 2016

Credit matters. Credit reports are used by lenders to assess credit risk based on a number of factors. Learn aspects of a consumer's credit report and how they influence your ability to make purchases, borrow money, and get a job.

Retirement and the Importance of Saving

Wednesday, November 16, 2016

Saving matters! Retirement may seem far in the horizon but consider basic investment principles that will help your retirement needs. Learn the time value of money and the basic steps to prepare for retirement.

Buying a Car and a Home

Wednesday, January 18, 2017

Prepare for life choices and expenses! This interactive module provides a glimpse at homeownership and the "how to" when purchasing a car. Learn steps for smart financial decisions that protect your future investments.

Cash and Wealth Management

Wednesday, February 15, 2017

Your economic needs are forever changing. Learn how to manage money, gain a monthly budget breakdown, and how to build wealth by establishing sound saving habits. At this session, expect to get tips on how to build and manage wealth accumulation.

Got a Job? Understand Employer Benefits

Wednesday, March 15, 2017

Your paycheck is only one part of your overall compensation. Too often employees underestimate the value of employee benefits and/or don't understand the full scope of benefits. Join this workshop to get an introduction to employer benefits.

Risk Management

Wednesday, April 19, 2017

Protect your finances and ready yourself to avoid negative impacts of unfortunate events. Learn how personal risk management can help lessen the impact of potential financial losses and ensure that your life is minimally impacted by unavoidable events.

FINANCIAL COACHING

Meet one-on-one with a financial coach to get started or to get you back on track!
